

Please do not touch the WI No-Call list. It has been very successful for me - I have far fewer calls interrupting my life. I NEVER buy from companies who call me at home - but they still were very bothersome before that law. You should promote all states having such a law - and enforcing it!!! I pay the phone bill, I should be able to ban calls that are bothersome and unwanted. No company will ever get my business by calling me on the phone. I also refuse to donate to charities that call me. Please DO NOT GIVE COMPANIES THE RIGHT TO CALL ME AT HOME AND BOTHER ME AGAIN. Thank you.
